

Participation at schools and conferences

I participated at the following schools and conferences:

- March 2001: Intensive DEA course “*Applications de la théorie de Hodge*”, IRMA Strasbourg (France)
- July 2001: *École d’été de l’Institut de Mathématiques de Jussieu: “Géométrie symplectique”*, Institut Mathématiques de Jussieu, Paris (France)
- September 2001: “*Eager Advanced school in Algebraic Geometry: Moduli spaces of curves*”, Levico Terme, Trento (Italy)
- March 2002: Meeting and school *Géométrie algébrique en liberté (GAEL X)*, CIRM Luminy (France)
- March 2002: “*School on Geometry and String Theory*”, Isaac Newton Institute for Mathematical Sciences, Cambridge (United Kingdom), organized by the Clay Mathematics Institute
- May 2002: *MRI Spring School “Frobenius Manifolds in Mathematical Physics”*, Universiteit Twente, Enschede (Netherlands)
- May 2002: *International Conference “Frobenius Manifolds in Mathematical Physics”*, Universiteit Twente, Enschede (Netherlands)
- September 2002: *First Joint International Meeting AMS-UMI*, Department of Mathematics, University of Pisa (Italy)
- September 2002: School and Conference on “*Intersection Theory and Moduli*”, ICTP of Trieste (Italy)
- December 2002: *Small Conference “Cohomology of Moduli Spaces”*, Korteweg-de Vries Instituut, Universiteit van Amsterdam (Netherlands)
- March-May 2003: *Special Trimester “Moduli, Lie Theory and Interactions with Physics”*, Department of Mathematics “Guido Castelnuovo”, “Sapienza” University of Roma (Italy)

- June 2003: *Workshop “Moduli, Lie Theory and Interactions with Physics”* Cortona, Arezzo (Italy)
- July 2003: School and Conference “*Geometry, Topology and Physics 2003*”, Department of Mathematics, University of Oporto (Portugal)
- September 2003: “*Summer School on String Topology and Hochschild Homology; Applications to Mathematical Physics*”, Department of Mathematics, University of Almeria (Spain)
- May 2004: “*Giornate di Geometria Algebrica ed argomenti correlati VII*”, Rimini (Italy)
- March 2005: Workshop “*Topology and Geometry of the Moduli Space of Curves*”, AIM Research Conference Center, Palo Alto (CA).
- May-June 2006: Workshop “*Teichmüller theory (classical and quantum)*”, Mathematisches Forschungsinstitut Oberwolfach, Germany.
- March 2007: Workshop “*Representations of surface groups*”, American Institute of Mathematics, Palo Alto, California.
- April 2007: Workshop “*Aspects of Teichmüller theory*”, University of Michigan, Ann Arbor, Michigan.
- June-July 2007: Clay Mathematics Institute Summer School “*Homogeneous flows, moduli spaces and arithmetic*”, Centro di Ricerca Matematica “Ennio De Giorgi”, Pisa, Italy.
- September 2007: Congresso UMI 2007, Bari, Italy.
- January 2008: UK-Japan Winter School “*Algebraic and Symplectic Geometry*”, University of Warwick.
- May 2008: *Ahlfors-Bers Colloquium*, Rutgers University.
- July 2008: Workshop “*Algebraic structures in geometry and physics*”, University of Leicester.
- September 2008: Workshop “*From integrable structures to topological strings and back*”, Sissa, Trieste.

- June 2009: Workshop “*Dynamics and Geometry of Teichmüller space*”, CIRM in Luminy (France).
- July 2009: NSF CBMS Conference “*Families of Riemann surfaces and Weil-Petersson geometry*”, New Britain (CT).
- May-August 2010: HIM Trimester Program “*Geometry and Dynamics of Teichmüller Spaces*”, Hausdorff Research Institute for Mathematics, Bonn (Germany).
- June-July 2010: ESF Mathematics Conference “*Teichmüller Theory and its Interactions in Mathematics and Physics*”, CRM Bellaterra (Spain).
- July 2010: ICM Satellite Workshop “*Geometry, Topology and Dynamics of Character Varieties*”, NUS, Singapore.
- September 2010: Workshop “*Deformation theory*”, “Sapienza” University of Roma (Italy).
- November-December 2010: Workshop “*Teichmüller theory*” at Oberwolfach, Germany.
- February 2011: Conference “*Classical algebraic geometry*”, INdAM, Rome.
- March 2011: Conference “*Analysis, Geometry and Surfaces*”, Autrans, France.
- May 2011: Workshop “*Billiard, flat surfaces, and dynamics on moduli spaces*”, Oberwolfach, Germany.
- July 2011: Summer program “*Moduli Spaces of Riemann Surfaces*”, Park City, Utah.
- January-February 2012: Trimester “*Geometry and analysis of surface group representations*”, Institut Henri Poincaré, Paris
