

## **Numerical methods for PDEs Optimal control, games and image processing**

### **Internet Wireless Access**

#### **Wi-Fi connectivity**

Participants registered to the conference *Numerical methods for PDEs: Optimal control, games and image processing* will have the possibility to get connected to Internet through the Wi-Fi network of the Roma University "Sapienza".

On arrival every participant will receive a username and password that could be used for Wi-Fi connection. The authentication will be done using a Wi-Fi captive portal of the host university.

#### **How to connect**

1. Make sure your network adapter is set to 'DHCP - Obtain an IP address automatically';
2. Connect to SSID: sapienza
3. Open your web browser, you'll be redirect to a captive page;
4. Enter your username and password in the spaces provided .

#### **Availability**

Wi-Fi Internet access is available for the December 4-5, 2014 wherever the SSID "sapienza" is available.

#### **Responsibility**

This service is provided as-is. All network access is monitored and logged. Any unauthorized access or illegal activity will result in account closure and will be reported to the appropriate university staff or the legal authority. University networking staff reserves the right to disable any attendees account at any time and without notice.
