

LA LOGICA DELLE FIGURE

1. Si consideri la seguente successione di figure:

Quale tra le seguenti figure, completa la sequenza logica?

Quali sono gli elementi significativi?.....

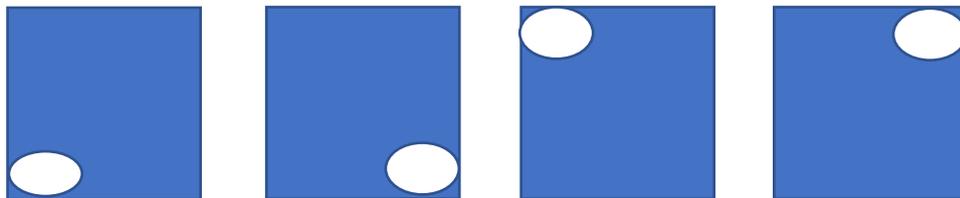

Il quadrato, l'ellisse colorata? Perché?.....

Suggerimento: è importante una buona analisi delle possibili risposte per eliminare variabili non significative.

Scrivere il ragionamento eseguito:

.....
.....
.....

2. Si consideri la seguente successione di figure:

Quale tra le seguenti figure, completa la sequenza logica?

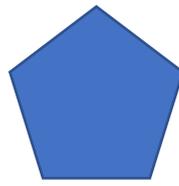

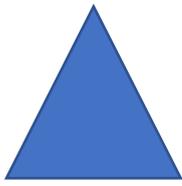

Osserva gli elementi significativi che compongono la figura, come varia l'elemento significativo?

.....
Il verso è importante per descrivere la rotazione?.....

Giustifica la risposta usando terminologia corretta:

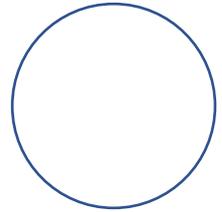

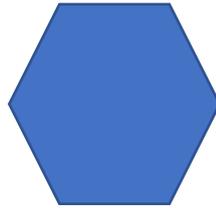

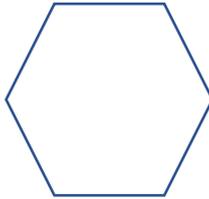

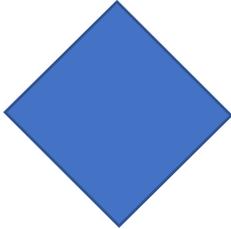

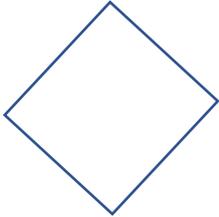

.....
.....
.....

3. Si consideri la seguente successione incompleta di figure:

?

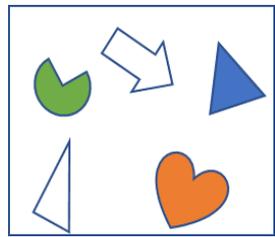

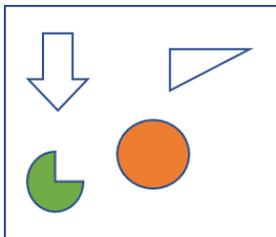

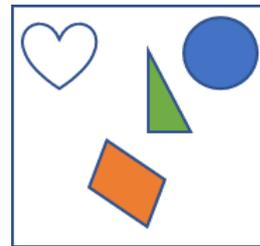

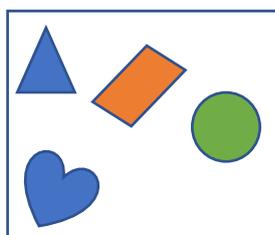

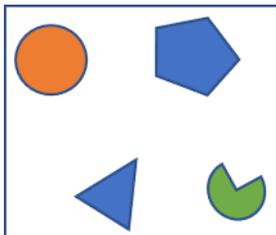

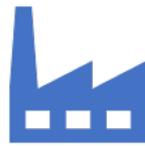

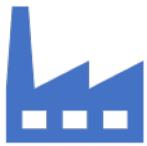

Quale delle seguenti proposte la completa?

Descrivi il ragionamento eseguito per ottenere la risposta

.....
.....
.....

4. Figure da scartare:

Le variabili significative sono: il colore, l'orientamento...?

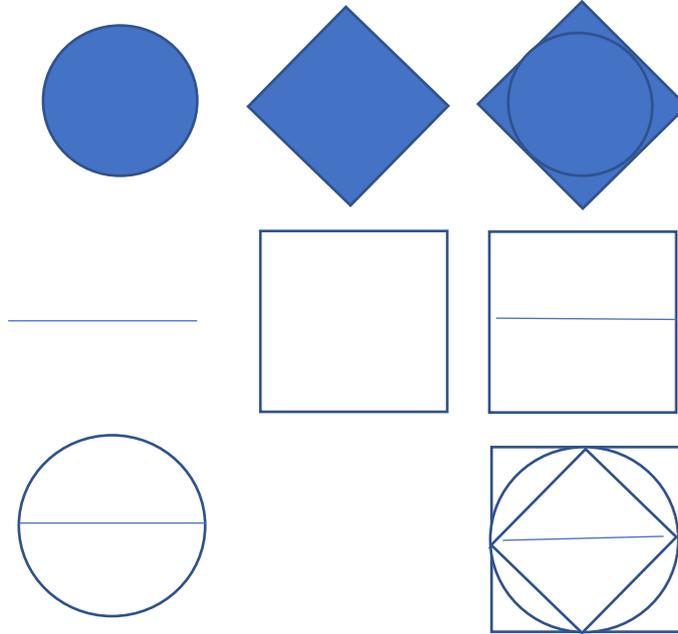

Descrivi il ragionamento:

.....
.....

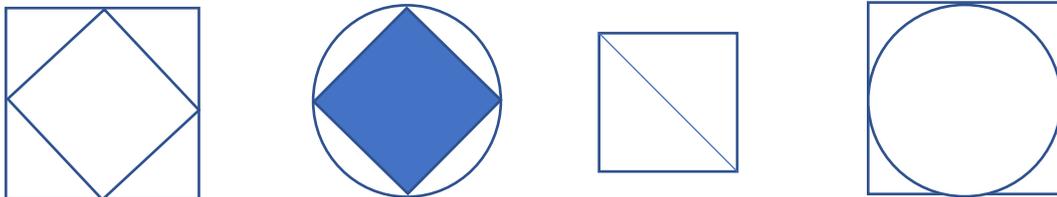

LE MATRICI DI FIGURE

In ogni quesito occorrerà osservare le caratteristiche delle figure su ogni riga e ogni colonna.

5. Data la seguente matrice:

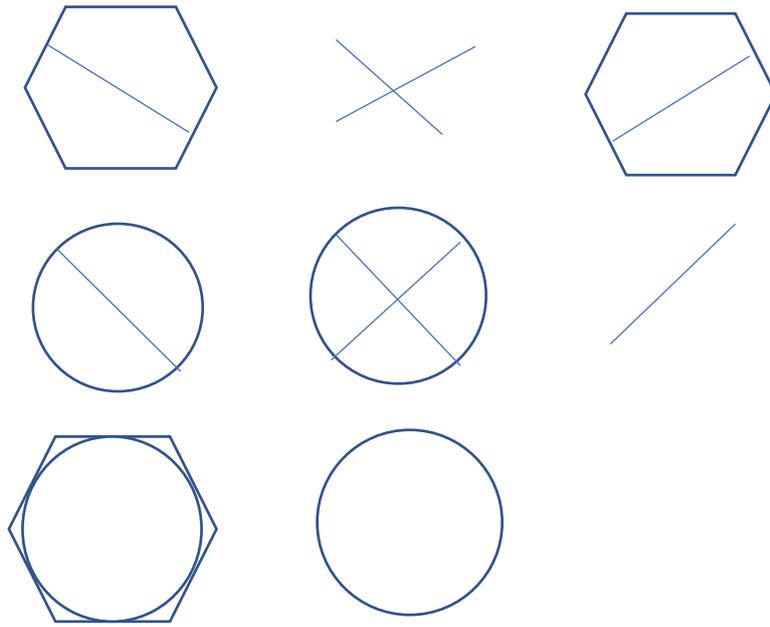

Individuare la figura mancante:

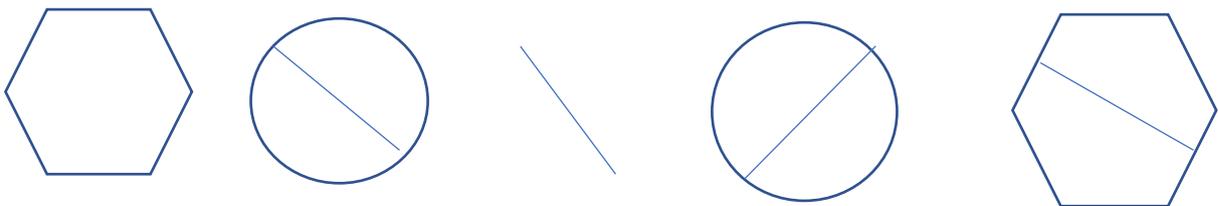

Osservare le prime due righe ed il loro sviluppo, descrivendolo:

.....
.....
.....

6. Data la matrice:

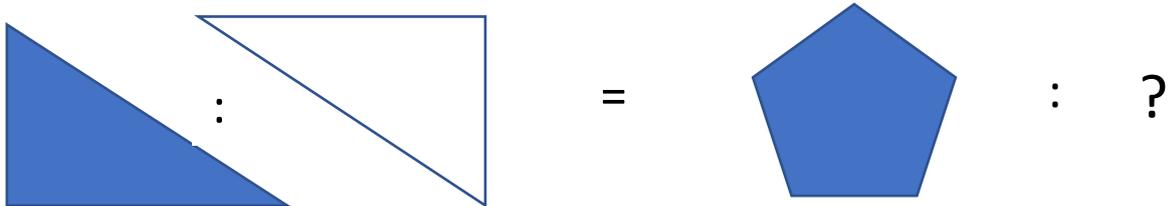

Trova l'elemento mancante tra:

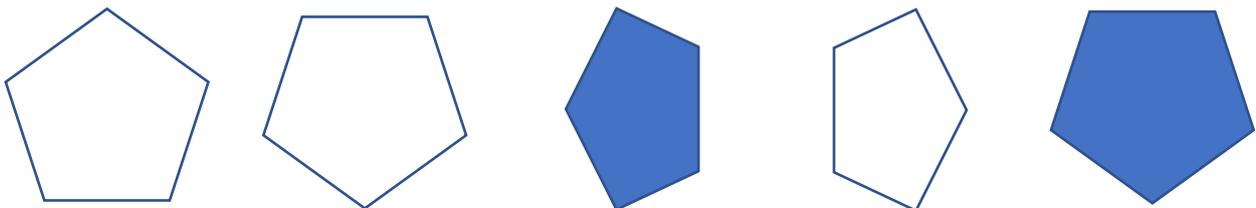

Proporzioni tra figure

Si deve trovare l'elemento che completa correttamente la proporzione.

7. Considera la seguente proporzione:

Quale figura la completa?

Descrivi il ragionamento eseguito:

.....

.....
